25X1  
MEMORANDUM FOR: Dick Lehman [redacted]

FROM : [redacted]

SUBJECT : Draft I & W Proposal

1. I first proofread this draft and have corrected all typos that I could find. I have checked for general coherence, repetition, and English. I have also adjusted a few of the subheads to make them consistent. I also checked the frequent reference to paragraphs, and these may need a little bit of double checking because there is some room for flexibility as to ~~in~~ how many paragraphs one wants to site as references.

2. Generally, I believe that the draft reads very well and reflects all of the hard work that went into it. Note that on this draft, pages 41 and 42 were revised as it was set up.
